10minutes

Benilla

Communication
should be
universal without
any barriers or
limitations.
Communication is an
important right.
Somehow weak and
disabled have the
right to communicate
as much as
strong, able-bodied people.

supported to
develop an
effective, efficient
and reliable means
of independent
communication
speak directly
to the person
rather than the
person with them

Bhavadharshini

Communication
should be
universal
without any
barriers or
limitations.
Our objective is to
blind deaf and dumb
within society and
enable them also to
use their personal
computer more
effectively and
efficiently
Developing an app
will support this
computer literacy
of impaired people
and enhance
communication
among people
Natural networks can
solve somewhat
complex issues at
a much easier level
concerning the
complexity of
algorithms

Charu nivetha

only refer to
the person's
disability if
necessary or
relevant
avoid saying
anything that
bracket the person
with disability as
superhuman,
over-achiever,
etc.
Research problems
and medical solutions
and using the ability to
develop electronic
aids to overcome the
"human gap"
develop new forms
of treatment,
knowledge and
improve patient
care, and better
manage electronic

Deepalakshmi

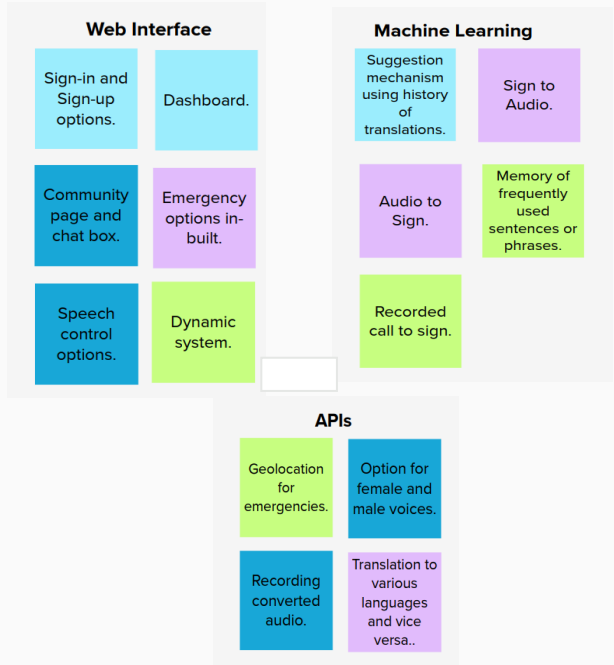

In emergency
times
conveying their
message is very
difficult.
Since normal
people are
not trained on
hand sign
language
It is very difficult
for mute people
to convey their
message to
normal people.
AI technology
can apply to
any type of
disability
profile.
Lessons learnt from
the past
of algorithms

TIP
You can select sticky notes and
hit the pencil (switch
to sketch) to start drawing!

Groupideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

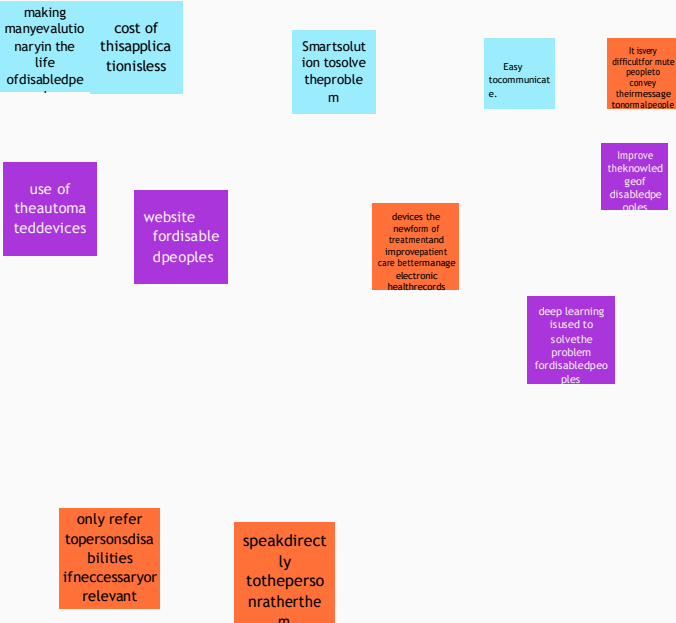

20minutes

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20minutes

Feasibility

Regardless of their importance, which tasks are more feasible than others (cost, time, effort, complexity, etc.)

After you collaborate

You can export the mural as an image or PDF to share with members of your company who might find it helpful.

Quick add-ons

- A Share the mural
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.
- B Export the mural
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save to your drive.

Keep moving forward

- Strategy blueprint
Define the components of a new idea or strategy.
Open the template
- Customer experience journey map
Understand customer needs, motivations, and obstacles for an experience.
Open the template
- Strengths, weaknesses, opportunities & threats
Identify strengths, weaknesses, opportunities, and threats (SWOT) to develop a plan.
